

## **European Economic interest grouping (EEIG) for education, culture and social issues**

Members of EUBIKUS

We are a consulting network which supports organisations and companies in increasing their chances of getting European subsidies and acquiring start-up financing for innovative projects. Our main focus consulting and supervising our clients during European project developments. Our tender is addressed to voluntary associations and non-governmental organisations, companies (SME), regional networks and state institutions.

Aim of our consulting service is

- Improvement of competitiveness of European areas
- Funding of education, culture and social perspectives in Europe
- Cross-cultural opening of organisations and companies
- Implementing equal opportunities between genders

Additionally we initiate and develop our own international and innovative projects in the range of education, culture and social issues.
